

UCL Division of Surgery and Interventional Science

Aspire Chair in Disability Science & Technology

The salary range will be negotiable on the professorial scale but not less than £58,330 p.a., inclusive of London Allowance.

The successful candidate will have an internationally recognised track record in research showing impact on improvement of quality of independent living for patients with spinal cord injury in particular as well as the physically disabled population in general. The post will be key to new cross-faculty initiatives in biomedical engineering and build upon links with the Royal National Orthopaedic Hospital. The position will be based at the Institute of Orthopaedics and Musculoskeletal Science UCL, on the Stanmore Campus.

The post, which provides an exciting opportunity in cross-disciplinary translational research, is funded through the charity Aspire on the basis of an initial 10-year period (renewable as per contract).

Candidates must have a higher degree and evidence of an equivalent level of attainment in research publications, together with an active research profile at international level and a continuing track record of external research grant funding.

For further details and requirements, or to apply online, please visit <http://www.ucl.ac.uk/hr/jobs/>

If you have any queries regarding the vacancy or the application process, please contact Professor Allen Goodship, email: a.goodship@ucl.ac.uk, tel: +44 (0)20 8909 5747.

Closing date: 19th February 2010.

We particularly welcome female applicants and those from an ethnic minority, as they are under-represented within University College London at these levels. This is in line with section 48 of the Sex Discrimination Act and section 38 of the Race Relations Act.

Any offer of employment will be subject to a Criminal Records Bureau check.
